Date of 1st Outing (if known)			

**Your Car will be whitelisted for the WSPC Car Park for 6 weeks initially, to cover your Trial Period*
@ Mandatory

In the interest of prospective new members and the Club, to be sure new members can be accommodated in line with their aspirations and in accordance with the Club's safe operations, we ask that you read the information below and provide the additional details requested.

The 'reason to be' of Wraysbury Skiff & Punting Club (incorporating Wraysbury Dragons and Waka Ama) is to participate in and support the racing Sports of Skiffing (Traditional rowing), Punting, Dragon Boating and Outrigging. The Club formed almost 100 years ago as a Skiff & Punting Club and has evolved over time, introducing Dragon Boating in the late 1980's and Outrigging around 2020. The Club is primarily a Racing Club and is a registered CASC (Community Amateur Sports Club) run completely by the Membership. The Club welcomes everyone from the community to participate in the Sports offered, all of which involve some intense activity and take place on the River Thames, with its inherent dangers. As such, the Club has Water Safety Guidelines for all disciplines - all prospective members must make themselves familiar with these before their first outing. They can be found on the Club's website - www.wspc.org.uk (under River Conditions).

Please detail below[#] anything that the Club coaches should be aware of in order to accommodate you. This includes (and is not limited to) any physical limitation, any mental wellbeing consideration, any health issues that could be impacted by intense physical activity. It is the responsibility of a prospective new member to inform the coach(es) if at any time during the trial period there is a change in circumstances, introducing a factor that needs to be taken into consideration. As a CASC we welcome everyone to join the Club and be actively participative, and will attempt to make arrangements for individuals whenever possible. However, as a totally volunteer run club, our resources (coaches, financial & equipment) are limited.

1.	I confirm I have read the information about the Club in the paragraphs above (Please tick)	
2.	I confirm that I have located the Water Safety Guidelines on the Club's website and will make myself familiar with them before my 1 st Outing. (Please Tick)	
3.	I confirm that I can float unaided (in the river) for a minimum of 5 minutes. (Please tick)	
	<i>Note that it is strongly recommended that all applicants can also;</i> - Swim at least 50 metres in light clothing. - Tread water for at least two minutes. - Swim under water for at least five metres.	
4.	There is something that the Club Coaches should be aware of before my 1st Outing, to be sure that my needs can be accommodated. (Please tick Yes or No) (If you have ticked Yes then please provide more information below [#])	Yes
		No
